We do more than match your roles with people who are qualified.

We find people who are the right fit for your company.

Synergy uses a proprietary system for analyzing candidate consultants to identify the best candidates for each position. In today's competitive environment, reviewing resumes is only a small part of the process. We rely on technology and a constantly changing client feedback to continue to improve our processes, including:

AI applications

Industry-Specific Questionnaires

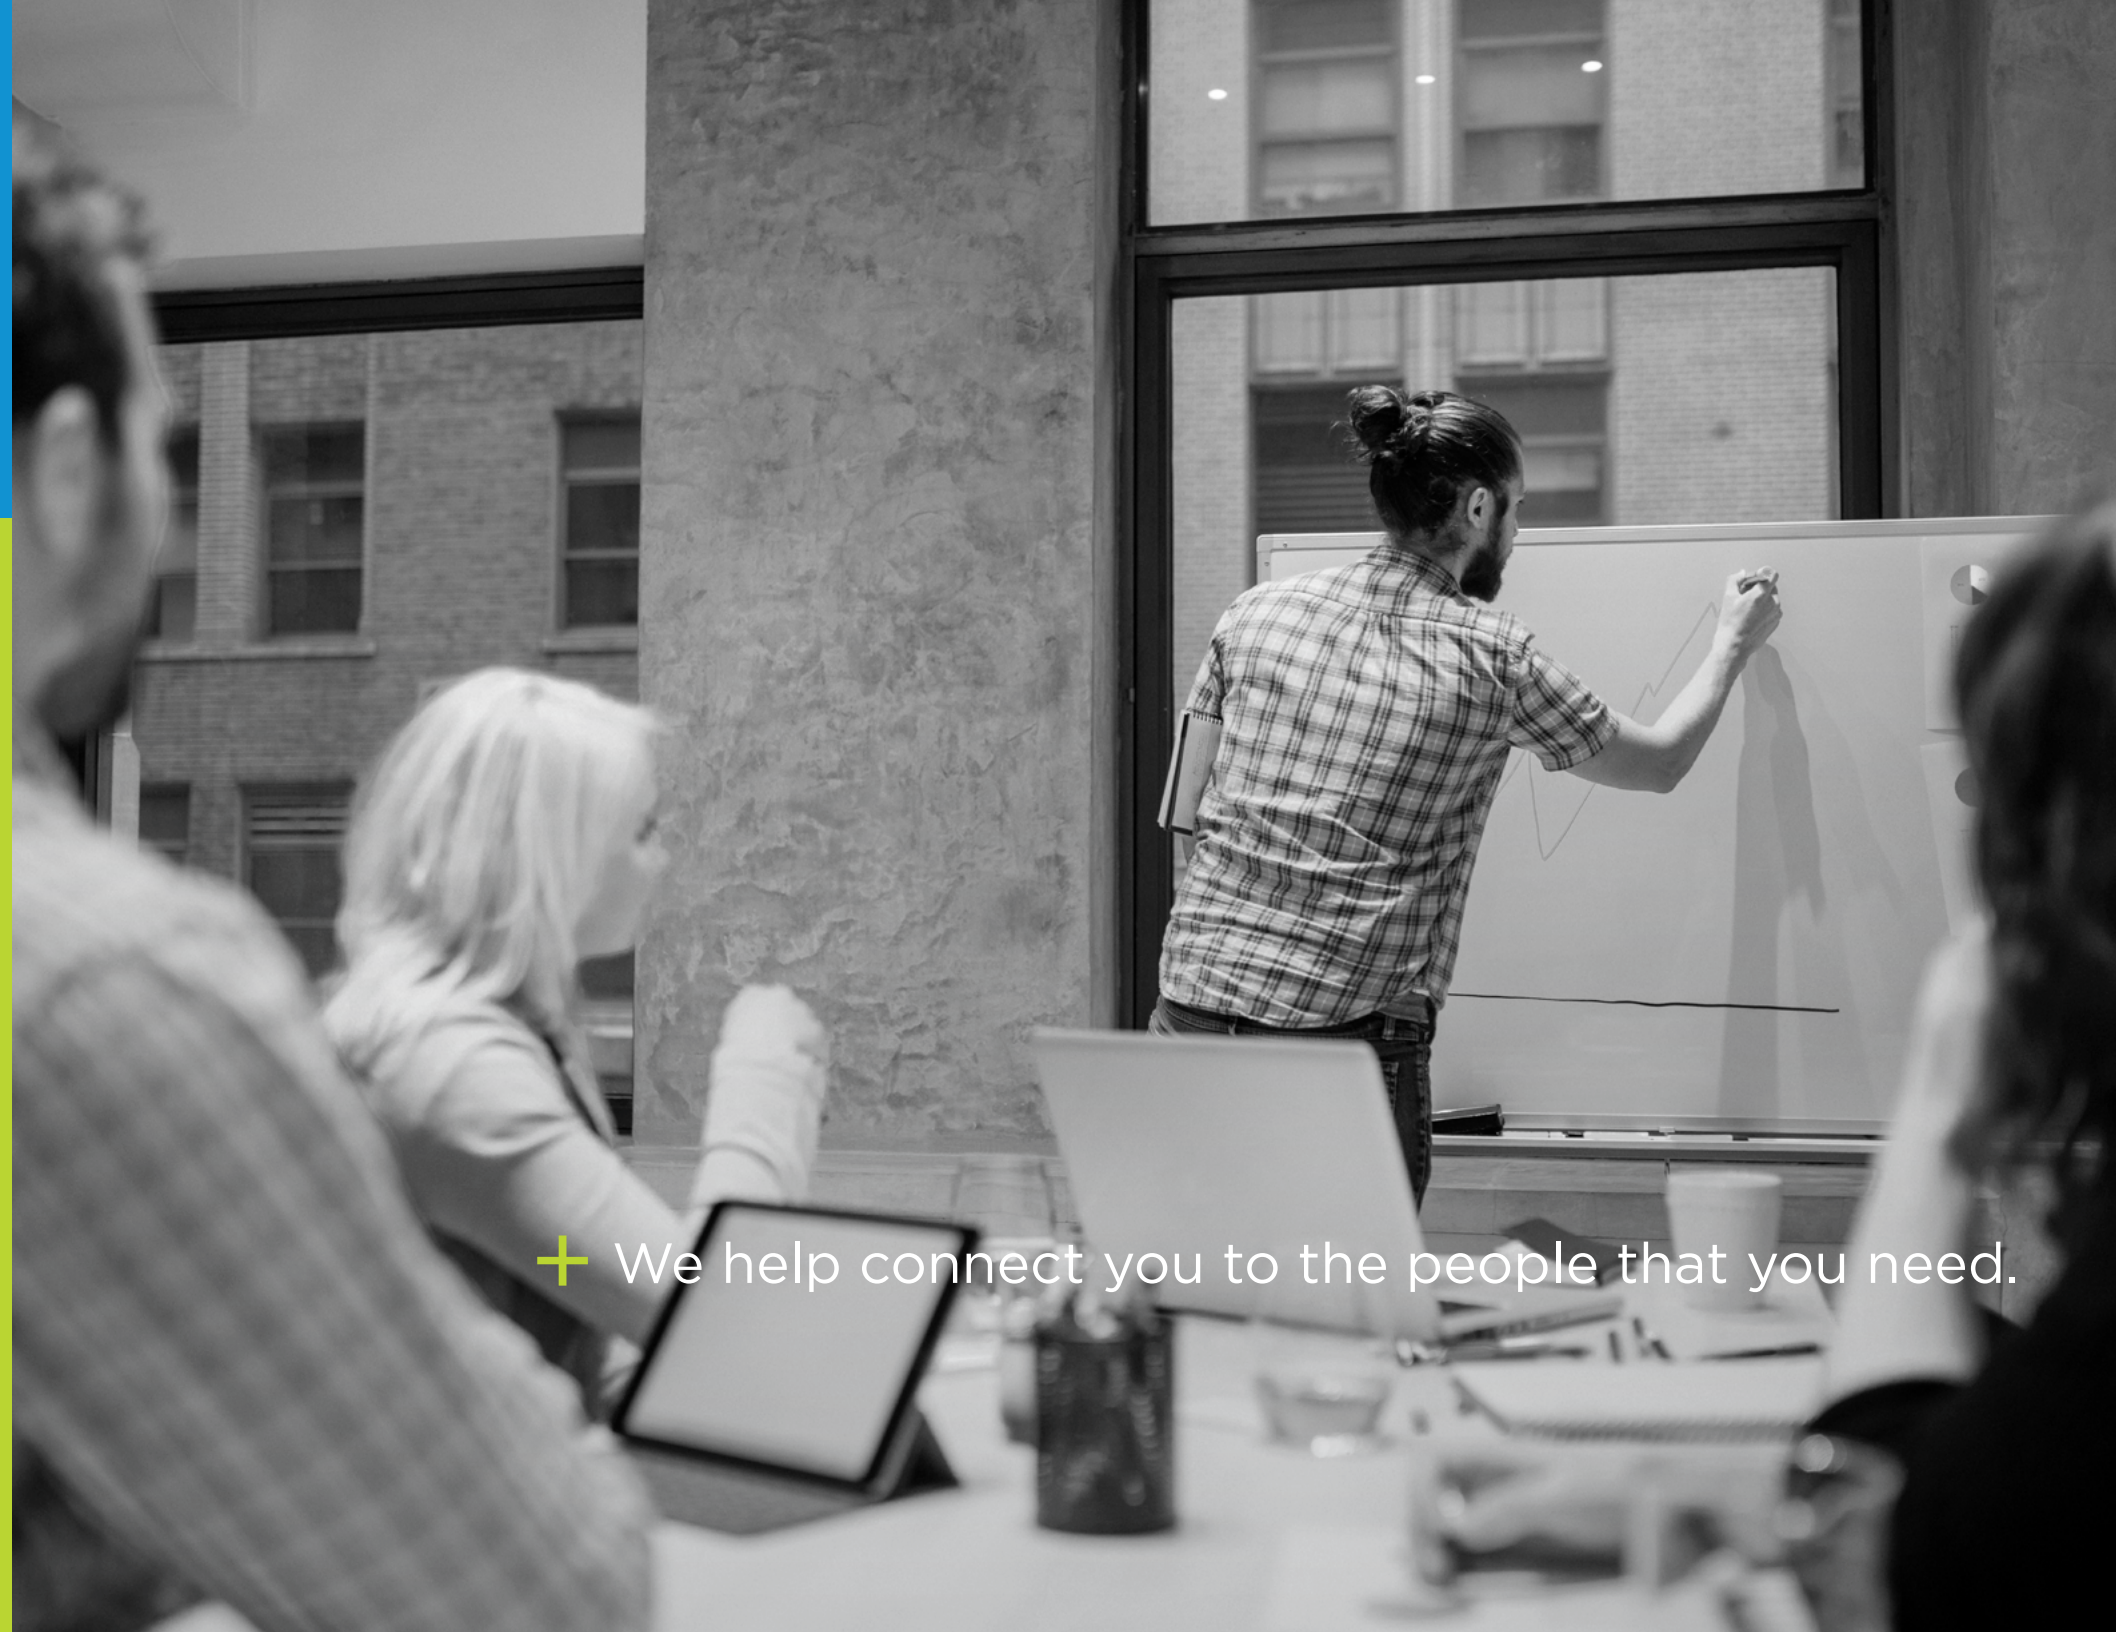

Position-specific Questionnaires

Client Culture Assessments

Traditional screening techniques

- Phone Screens
- Teleconference Interviews
- Face to Face Interviews
- Background/Drug Screening
